The Astra Vein Treatment Center in Bronx is the foremost center for New Yorkers seeking expert diagnoses and treatment for vein abnormalities, from varicose veins to deep vein thrombosis. The vein treatment center was founded by Dr. George Bolotin, an accomplished Interventional Radiologist who brings extensive education, training and experience to his practice. Alongside Astra Fibroid Treatment Specialists, Dr. Bolotin and his team of vascular specialists accept most insurance coverage, making the Bronx-based practice ideal for all your vein and fibroid conditions. Call the center today for a consultation.

Fibroid and Vein treatments:

Endovenous laser treatment

Endovenous radiofrequency ablation

Sclerotherapy for varicose veins

Ambulatory phlebotomy

Uterine fibroid embolization

Hormone treatments

Fibroid removal

and more.
