Dec’s Pets is a family run pet shop in Wexford. Our store is well loved by locals and we also offer pet grooming, dog training and a weekly dog walking group. We created an e-commerce shop during COVID so our regulars could still but their pet products and it took off, since then we've grown our product offering ten fold and are the exclusive retailers for a number of UK brands. We're also an event organiser for local shelters and charities, causes which are particularly close to our heart.
