Connect Saudi is one of the leading Mobile Value Add Services (mVAS) providers, offering personalized and customizable **Bulk SMS and voice solutions** to enhance customer engagement in **Saudi Arabia**. We deliver our communication product, based on mVAS principles, across a wide range of industries, including real estate, logistics, banks & financial services, retail & e-commerce entities, travel aggregators, and others, as a **bulk SMS aggregator**. Our innovative value-added services increases customers' stickiness for telco's driving their ARPU northwards and similarly, it creates a loyal band of customers for Enterprises.
