Introducing Southern California’s one-of-a-kind, all-female-fronted 80’s dance band. An absolute sensation for any music club or bar owner looking to attract a lively crowd.

 Distinct Sound for a Full House: Our sound is a love letter to the 80’s. Live saxophone. Live 3-part vocal harmonies. For us, it’s not schtick. It’s not parody. We are true fans of the era who hope to recreate some of the pure joy the 80’s sound is known for. And your venue will feel that from the moment we start playing.

 Appeal to a Broad Audience: We're the ultimate attraction for women, by featuring iconic female artists, but we pull in the guys too!
