We are an Australian owned paper converting firm that specializes in supply of superior quality packing paper products. We are proud of our quality and standard of service to our clientele as one of the most reliable suppliers across Australia.

For more than three decades we have specialised in converting sheeted paper and delivered superior paper to different kinds of industries across Australia.

With Manufacturing plants in Sydney & Brisbane and Satellite distributions in Melbourne and Adelaide Superior Paper reaches to all businesses across Australia. Our Brisbane Manufacturing plant is equipped with the latest technology and machinery to offer our Brisbane clients only one option in Paper Packaging suppliers. We also expanded to the Asian Pacific and always seeking for new customers to provide them the paper packaging solution they deserve.

In order to better services and distribution of superior paper, we revolutionized ourselves and now supply our products with top quality that reveal our commitment to our revered clientele. Our investment has been increased to revitalize business, making certain that our machinery is the latest while offering our products at reasonable rates.
