BuildersProtect is your one-stop solution for California's Developers, Insurance Carriers, Insurance Brokers, and Real Estate Banker Investors. Established in 2003, Builders Protection Group, LLC (BPG), a certified Small Business Enterprise (SBE), specializes in strategic risk management and construction services.

Our mission is to empower Developers, Insurance Professionals, and Real Estate Banker Investors in California with efficient project risk management. We offer a comprehensive suite of services spanning pre-construction, construction, and post-construction phases.

Builders Protection Group has a proven track record as an essential partner for commercial, mixed-use, and residential projects across California. In today's complex construction landscape, trust BPG to provide unwavering support and ensure your project's success. Explore our services at BuildersProtect for excellence in insurance carrier services tailored to your needs.
