Company logo

For over two decades, Metalguard has been a cornerstone in the metal building repair and renovation industry. Established in 1996, the company's journey began with a singular focus on rectifying metal roof leaks. Over time, Metalguard's expertise expanded, encompassing a wide spectrum of repairs, including complex structural components. With an extensive portfolio of triumphant projects, we stand as a testament to our commitment to excellence. Whether it's a minor skylight panel replacement or a complete facility overhaul, Metalguard is your trusted partner.
