Balaji Wall Texture LLP, established in 1983, has transformed from a building materials supplier to a leader in decorative wall texture, Stone Crete plasters, and concrete finishes. With over 27 years of industry experience, we've successfully completed 2,400+ projects for 330+ corporate clients across India. Our services include stone Create plaster and Pebble Stone Flooring, both prized for their durability and low maintenance. We specialize in wall plaster and anti-skid flooring, catering to sectors such as colleges, hospitals, and commercial complexes.
