Introducing IQOS, the groundbreaking **vaping vs smoking**. Enjoy an enhanced, more flavourful journey like never before. This innovative tobacco device heats genuine leaf tobacco sticks, generating a rich and aromatic sensation without smoke or combustion. Discover heightened pleasure with less harshness compared to traditional cigarettes. The advanced vaping technology guarantees consistent draws, minimising tar and unpleasant odours while delivering a satisfying nicotine punch that even devoted smokers will appreciate. Indulge in the authentic taste of real tobacco without any unpleasant aftertaste or lingering smells - delve into the delights of heat-not-burn tobacco today!
