**GHC GmbH began with a simple idea: bring the comfort of home-style Asian cooking to the Swiss table, without cutting corners. Every samosa, spring roll and thali plate is prepared fresh, using recipes passed down and perfected — then paired with the reliability and quality our Swiss clients expect.**

**Today, we serve individual guests, offices, and events across the region through our food truck, retail counter, and full catering service — proudly operating under GHC GmbH and our Bücheli Asian Food line.**
