Company logo

Company logo

Technometalliki specializes in metal construction and decorative applications. Passion for perfection and a love of metals were the raw materials with which our company created a series of works of art, specially constructed in order to give a unique view of the spaces of a modern home, which remain unchanged over time with respect to the quality of their construction as well as their ergonomic.

Our works constitute living proof of our professionalism, with modern lines and high quality.

From 2008, Technometalliki has applied the ISO 9001 System to the quality management of metal constructions, which is also considered as the main body of the organisational structure.

With more than 23 years of know-how and experience in the field, we can execute any metal construction perfectly.
