As a family-owned business that is three generations strong, at Basement Waterproofing Solutions we know what it takes to clean up the mess and prevent future water damage from occurring. We have serviced Staten Island and New Jersey since 1961. Our completely in-house team is highly experienced and fully certified—giving us the ability to handle basement waterproofing, foundation repair, mold removal, and more. Affordably priced with proven results, we keep your home dry and protected. When working with Basement Waterproofing, your family is our family.
