Founded in 1921, Snadens Pianos has a long history of providing a comprehensive range of high-quality pianos and is Perth’s most trusted and respected name in pianos.

We stock all types of pianos including Digital Pianos, Upright Pianos, Baby Grand Pianos and a select range of Grand Pianos.

Snadens Pianos is the exclusive and only authorised West Australian dealer of KAWAI upright & grand pianos, SHIGERU KAWAI concert grand pianos, RÖNISCH upright & grand pianos, IRMLER upright pianos and FAZIOLI concert grand pianos. We also stock second-hand pianos from brands including STEINWAY and YAMAHA.

All our new pianos are factory direct with warranty. Our second-hand pianos are sourced within WA (and not imported second hand which we have found to be often problematic) or traded-in and inspected by our technicians before we buy them.

Importantly all of our new pianos have manufacturers’ factory warranties which safeguard the purchaser’s investment.

We invite you into our Nedlands showroom today so that we can assist you with your next piano.
