John’s has always been a family owned and operated business for over 70 years. Opened back in 1946 by John and Anna Tiliacos, the business has transformed from a department store into a strictly fashion retail operation. We are the largest footwear provider in the country, and together with our bags, accessories and clothing we are a one stop shop for all fashion needs.

We are currently entering our third generation of family ownership and we hope to live up to the expectations that previous generations set. It has been a privilege to serve the Bahamian public for as long as they have allowed us to, and we are thankful everyday for the patronage we have received over the years. We hope and look forward to be a part of the country’s history for another 70 plus years.
