Enjoy the beauty of Lake Titicaca through Planet Odysseys – the gateway to the natural splendors of Peru. We create genuine narratives behind this fascinating area and design inspiring walkthroughs that immerse one in its culture. Come along to discover lost civilizations, spectacular sceneries, and the world’s tallest lake that you can navigate. Start your adventure of a lifetime with Planet Odysseys now!

Our Destination

Planet Odysseys creates unforgettable journeys across the globe’s marvels. Today we show you the charm and history of Puno, it is an active Peruvian city along the shore of Lake Titicaca in the south-east. Being associated with a rich culture, diverse folklore, and highly significant archeological sites makes Puno a combination of nature, history, and adventure experiences. Our tours of Puno take visitors on amazing adventures with **Uros Floating islands** and impressive Sillustani Tombs. This year, we're thrilled to expand our operations to two new destinations: Bolivia and Arequipa. Indigenous cultures, varied landscapes, rich Inca heritage: treasures of experience in Bolivia. Our next trips to Bolivia will take us from the shining white salt flats of Lyuni to the throbbing city pulse of La Paz offering a host of breathtaking and exciting experiences.

Additionally, Arequipa, known as the White City because of its baroque structures built using local volcanic white stone, is another place that one has to visit during this trip. Arequipa is nestled at the coast with Misti Volcano in the background and blends both Spanish and traditional Peruvian art. Come along with us, as we explore more of these areas for you, opening your mind and heart to the diversity of cultures, natural beauty, and history of these places.

Our Story

This began as a case of curious explorers who had come across Lake Titicaca and Puno which proved irresistible. Its beautiful history, different cultures, and inimitable nature sites motivated us to open the Travel Agency, which provides a perfect vacation at Lake Titicaca. In Planet Odysseys, our goal is to provide personalized, genuine, and sustainable travels that

promote diversity in culture and the amazing nature of the region. We have local experts and experienced travelers on our team. Puno is their home, where they have real affection. We endeavor together so that the journey remains as memorable as the destination and provides our guests with excellent services.

Our Commitment

We ensure that our responsible and sustainable tourism helps protect the area’s natural and cultural assets Our mission includes partnering with local communities and embracing sustainable practices. This way, we commit to making a difference in the surroundings that we operate in and for our employees.
