Warp Training Australia (WTA) is a registered training organisation (RTO 51972) with our head office located at 19 Stebbing Road, Maddington WA and our QLD branch located at 16 Cronulla Court, Slacks Creek QLD. WTA’s origins grew out of a need to provide MRWA approved and best practice traffic management accreditations for our sister company, but that was just the start. Today we are much more than just trainers in traffic management, courses on scope are consistently growing and evolving to meet the needs of industry and our commitment to exceptional training is delivering well trained personnel to those industries we support. Warp Training Australia also offer Group onsite training and public courses at Regional Locations throughout WA & QLD and can travel anywhere to deliver onsite group training.Contact us for a more comprehensive brief on our capabilities.
