Company logo

Geraldton Solar Force is a 100 per cent Western Australian owned and operated solar company, servicing Geraldton and the Mid-West region. We are proud to offer quality solar panel installation, solar battery installation and solar inverter installation. Each of our team members has been individually selected for their large range of skills, technical abilities and unparalleled experience. Our reputation means everything to us, so our clients can be confident they will receive the best products in the market, with the highest quality installation, at the most competitive price. As one of WA’s leading residential solar installers, you’ve possibly already seen our installation teams out on the roads or doing installs. We also specialise in commercial solar and we will tailor a solar panel system to suit your business’s needs, using top quality products from proven suppliers with comprehensive warranties.
