Kulsum Hina Care Corporation is a leading non-governmental organization (NGO) and 501(c)3 registered charity. We have been tirelessly championing human rights awareness and preservation both in Pakistan, the USA, and on the global stage since our establishment in 2005. Founded by Chairperson Ms. Hina Hussain, our foundation has a focus on safeguarding the rights of women, children, and the homeless. Through our dedicated trust, we support activities that ensure their welfare and well-being. Over the past two decades, Kulsum Hina Care Corporation, as a well-respected welfare organization, has been actively involved in addressing critical social issues such as domestic abuse, rape, children’s rights, and various domestic challenges in Pakistan.
