The Olive Fertility Centre in Vancouver BC is one of Canada’s largest fertility clinics with among the highest success rate in North America. The fertility specialists at Olive Fertility are internationally recognized leaders in their field, with decades of experience helping individuals and couples create their families. We are dedicated to doing everything possible to make sure you have the best experience and the most successful outcomes. At Olive our exceptional success rate can be attributed to our individualized treatment protocols, state-of-the-art lab and highly trained and experienced lab team under the direction of Dr. Salah Abdelgadir. Dr. Abdelgadir is the only full-time, PhD-level embryology laboratory director in BC, certified as a Technical Supervisor, High-Complexity Clinical Laboratory Director, and Clinical Consultant in both andrology and embryology by the American Board of Bioanalysis.
