Chiropractor

We are your natural primary healthcare provider. We pride ourselves on having the most exceptional staff. Together,we have more than 40 years of experience within our office. Our staff are always learning through educational seminars to keep them up to date on topics important to our patients. The doctors and our staff are always happy to answer your questions to help make your experience with our clinic remarkable.

Canton Center Chiropractic has been proudly serving the Canton community for over 32 years. Dr. Robert E. Potter, Jr., D.C. bought the practice in 1989 when it was located on Ford road with only 3 treatment rooms, x-ray, and a very small front desk. As Canton Township grew, so did we. In 1998 Dr. Potter opened the clinic at its current location, which over time, has had three expansions. In 2021 his daughter, Dr. Danielle Potter, D.C. bought the practice and has since been serving the community with 3 associates and a wonderful staff to achieve our mission.Check out the Services tab to see how we can help you!
