Lion of Judah Barbershop is a traditional barbershop with a hometown hangout feel. We are founded on our faith in Jesus Christ and we welcome anyone and everyone. We like to keep things simple and offer the classics while keeping up with the current trends. We aim to be a staple within the community and humbly maintain a personal relationship with all our clients. Offering six days of service and accepting walk-ins has given us the ability to get to know the neighbors and we feel right at home.
