Jim's Paint and More, LLC was founded with the goal of providing quality, affordable painting services to homeowners and businesses. We pride ourselves on our reliability and trustworthiness as painters. Jim founded Jim's Paint and More, LLC in 1994. Since then, it has evolved into one of the area's most reliable painting companies. Originally from Akron, Ohio, Jim enjoys spending time with his family and their two dogs when he is not managing the operations of the business. An outdoorsmen at heart, Jim also enjoys hunting and fishing in the Murfreesboro area. Curtis is Jim's son and was born and raised in Murfreesboro TN. With a degree in mechanical engineering from Tennessee Tech, Curtis worked as a testing engineer for Barrett Firearms before joining his father's business in 2015. As a self starter, he loves running the business side of Jim's Paint and More, LLC. Outside of work, Curtis enjoys spending time with his wife by hiking with their dog, snowboarding, and scuba diving.
