Deeply rooted in the core of Holistic Integration (formerly, "The Prather Practice") is a passion and dedication to provide each and every patient with the highest standards in service and expertise, all driven by a whole person approach.

Unlike conventional medicine, which focuses on attempting to treat disease once it occurs, we emphasize improving your health in an effort to reduce the risk of pain and illness at its very core. We are leading providers of holistic heart treatments and atlas orthogonal chiropractic in the country, and we treat issues from headaches and chronic pain to disc injuries.
