Phillip & his staff at Sweet Water Dentistry take great satisfaction in helping you maintain optimal oral health. Throughout our website, you will find an abundance of information about our practice, procedures we provide, & dentistry in general. In addition to routine dental checkups, we provide a range of services! We believe our patients should have as much information as possible in order to make an important, informed decision regarding their oral health & treatment options.

Our patients are important to us here at Sweet Water Dentistry, & we strive to develop long-lasting, trusting relationships with every patient that steps through our door. We are always welcoming new patients & would love to have you become a part of our dental family. Please call us if you have any questions or would like to schedule an appointment. Dr. Greer and his staff stand ready to provide each and every patient with the best dental care and service around!!
