Looking for a reliable valve Manufacturers China?

China Vervo Valve Co., Ltd is, a professional valves manufacturer, your trusted partner for industrial valves. We thrive on a clear mindset to engineer and manufacture world-class valves. With recent expansion in the facility, VERVO now has about 15,000□ covered workshops. The additions of state-of-art machines and equipment also help us better meet the ever-changing demands of the market. Certified with API 6D, API 6FA, API 6A, API 600, API 602, API 603, API 599, API 609, ASME B16.34, ANSI, DIN 3352, DIN 3356, DIN 3840, EN 1984, BS 1868, BS 5352, JIS, ISO 9001, CE (PED), GOST, etc.

VERVO VALVE has developed excellent quality control and management systems to ensure its superior quality and service. At VERVO VALVE, we go the extra mile to guarantee quality from its very source: raw material. We own a forging company with our proprietary technology and equipment to produce the raw material with the best quality and competitive price. VERVO has built an excellent engineering team. We have retained and attracted the best talents in the industry to help us stay ahead in engineering, R&D, project supports and after-sale services for all types of needs from different clients at all stages of the projects. VERVO VALVE's great track records give us the confidence to open more offices and service centers in strategic locations in the near future to better serve regional needs. Your needs are what we work hard for. VERVO evolves ourselves to be a better supplier and partner when it comes to your valves' requirements and solutions.

We hope to build a long-term relationship with you in a close and sincere cooperation!
