Company logo

Canadian distributor of liquid handling equipment related to the chemical/industrial market.

Vissers Sales Corp. distributes for and represents leading liquid handling equipment manufacturers. Primarily serving the chemical/industrial market, we represent the most trusted brands, including Burks, Jabsco, Enviroflex Pulsafeeder, Vanton, and Zoeller, just to name a few.

We understand the importance of quality and efficiency, as well as effective and safe operation, which is why we only provide our customers with liquid handling equipment that meets high standards. Our selection includes **Positive Displacement Pumps**, Barrel Pumps, Water Pressure Booster Pumps, and more, ensuring an array of options to suit various operational requirements.

Our product range encompasses:

Industrial Pumps
Filtration Products
Industrial Mixers
Industrial Storage Tanks
Industrial Systems
Industrial Valves
Instrumentation
Metering Accessories

Our entire team at Vissers Sales Corp. comes with extensive experience and vast industry/product knowledge that ensure a seamless customer experience. This expertise is backed by our comprehensive selection of liquid handling equipment and pumps, including Self Priming Water Pumps and Mag Drive Pumps, along with the above selection of pumps, to cater to the specific needs of our clients in the chemical and industrial sectors.
