I am a professional and experienced
music, harp, piano and music theory tutor.
I am a keen musician and I have been
playing music from the age of five.
I started teaching music at the age of 18,
when I graduated The National School of Music
and Dance Art in Plovdiv, Bulgaria.
I have found that teaching is something that
I am not just passionate about,
but it is one of the most important area in my life.
I made a decision to improve my skills and
qualifications more and more each academic year.
I am currently having students for Level harp,
Pedal harp, Piano, and Music Theory.
