An individualized approach to fertility management: Grace Fertility Centre is a boutique fertility clinic in Vancouver that seeks to give you a highly personalized and tailored treatment to achieve your dream of parenthood. Continuity of care is provided, throughout by the same physician, for all your medical procedures including ultrasounds to create a situation of familiarity, comfort and privacy. We welcome all couples or individuals wishing to become parents. Many languages apart from English are spoken at the Centre including Mandarin, Cantonese and Spanish to name a few. A full range of fertility treatments are offered on site including, ovulation induction, IUI, IVF, egg freezing, donor eggs, surrogacy, pre-implantation genetic screening (PGS) and pre-implantation genetic diagnosis (PGD). In addition support programs to optimize health and relieve stress are available to improve treatment outcome and beyond. To help ease the financial burden discounted treatment cycles are offered to help make fertility treatments more affordable for all especially those requiring repeat cycles. OUR MISSION: Our mission is to provide you a compassionate and individualized approach to your treatment, while offering a comprehensive range of fertility treatments from the simplest and least invasive to the most complex intervention. We will work with you to plan the most effective treatment approach that suits you.
