clinique ovo is a Quebec-based medical clinic founded by five obstetrician-gynecologists who have been working in the field of reproductive and obstetrical health for nearly 20 years. We are known for our expertise and our high success rate, as well as for our warm, human and personalized service. When you receive care at clinique ovo, you will benefit from the expertise and complete attention of our medical team. We will reassure and support you throughout your care with us and do everything possible to make your experience positively memorable.
