Your shower is your sanctuary, a place where you can unwind and wash away the stresses of the day. If your shower is leaking, cracked or not functioning as it should, The Shower Dr has the cure you need. We provide the quality shower repairs Brisbane knows and depends on.

Our team of certified professionals have years of experience fixing and improving showers and baths. If you need a shower base repair or a shower rebuild, we can handle it. We do everything from a shower screen replacement to total shower renovations. We can even help upgrade your old tub with our bathtub to shower conversions.

We are more than just a doctor for your shower – we offer complete bathroom repairs Brisbane wide. Reach out when you need grout repair, shower and bathroom resealing, bathroom waterproofing or mould treatment services. Call on us for our bathroom plumbing inspection and bathroom maintenance services to locate and deal with potential problems before they escalate. We also offer bathroom restorations and Brisbane bathroom renovations to transform your bathroom and make it look its best.

Our other services include accessible bathroom design, balcony leak repairs and water leak detection services. When you need a simple fix or a complete shower overhaul, you’re in good hands with The Shower Dr. Contact us today or book a quote online.
