Life Line Plumbing is a full-service, family owned and operated plumbing in Katy, Texas. Serving both residential and commercial customers, we are licensed and insured for your protection. We offer efficient plumbing repair and installation / replacement services, and make sure the job is done right the first time. Our mission is to create value through plumbing services in which we meet and exceed our customers’ expectations. We are not only here to take care of your plumbing needs, but also to offer a unique service experience. We will locate and diagnose your problem and present you with options before starting work.
