At Pear Project Services, we are dedicated to solving all your office furniture challenges and reducing your furniture cost by at least 50%.

Our team brings a wealth of creativity to the often daunting task of commercial moves. We take pride in our ability to curate and set up both new and used office furniture, ensuring that reusable pieces don’t end up in landfills due to a lack of viable alternatives. From start to finish, we provide comprehensive services to streamline your office furniture needs and help you achieve a workspace that is both functional and aesthetically pleasing.
