Horizon Wealth Advisory is an experienced team of Brisbane financial advisors aiming to help you get your finances under control. We will work with you to assess your current financial situation and work on a plan to help you reach real and achievable financial goals. We offer Brisbane financial services to teach you how to make smart financial decisions using a range of proven financial tactics.

Our boutique financial services include:

- Retirement financial advice to ensure you can live comfortably when you’re ready to stop working.
- Cash flow advice for your business to help your business reach its potential.
- Personal insurance broker, if something were to happen to you or a key person for your business, you need to make sure you’re covered to the maximum benefit.
- Estate planning advisor to help with your superannuation and personal estate planning
- Wealth creation advice and strategies so you can grow your wealth through shares, property fixed interest and more.
- Business financial planner to protect your investments and create a road map of your business’s finances.
- Workplace financial wellness workshops focused on helping your team members learn useful and fiscal behaviours.
- Financial planning for young professionals to help young adults be proactive with their finances.
- Family financial planner to help you and your family secure your financial future.

If you’re looking for an independent financial advisor Brisbane wide, get in touch with Horizon Wealth Advisory today!
