Takeaway restaurants are increasingly becoming popular among foodies to satisfy their taste buds and fulfill their tummies. Chinese, desi, Pan Asian, continental, and Middle Eastern foods are to name a few popular among foodies. Whereas foodies with a sweet tooth have unlimited choices to pick from sweet treats and creamy desserts It all comes down to food packaging that makes or breaks the brand.

As food takeaway is preferred by most foodies, the presentation and branding play a vital role in winning customers' hearts. Custom food boxes with a logo is the first step towards marketing and promotion of your brand. Not only these **customized food boxes** are best for branding, but also help promote fresh food and keep the items intact.
