Kalkan is a South Australian Civil Construction firm that has been providing customers with the finest services at competitive prices for over 20 years. Our primary focus is always set on delivering the ultimate customer satisfaction. With experience ranging from small scale to multi-million dollar projects, our services comprise of commercial demolition, earthworks, civil works, underground infrastructure, and stormwater.

Our team of multi-disciplinary professionals strives to adhere to our mission of providing the highest quality of work and ensuring customer satisfaction. Kalkan does this by maintaining an unbeatable pre and post construction rapport with the clientele. Our staff is always available to advise and guide our clientele through difficult situations with after hour support.

At Kalkan, our entire team is committed to excellence, offering the highest quality of workmanship and after hour support. While we aspire to deliver results beyond your expectations, our team also adheres to industrial safety practices, ensuring the project is completed without any mishaps or accidents. Visit us for more information.
