At Pro Metal Recycling, we are passionate about making a positive impact on the environment by promoting responsible metal recycling. Our advanced facilities and skilled team ensure that every piece of metal is recycled efficiently and with care for the environment. We make recycling accessible and eco-friendly for everyone, whether you're a homeowner or a large industrial operation. We purchase a variety of materials, including copper, brass, stainless steel, steel, aluminium, batteries, and unwanted machinery.

Our clients range from industries and commercial enterprises to tradies, residential communities, and factory and farm scrap cleanups. With fast and reliable service, we make it easy for our clients to turn their metal waste into cash while contributing to a sustainable future. Contact us today to learn more about our metal recycling services and benefit from our competitive pricing and environmentally responsible practices. Visit us at for more information.
