Crusader Electrical is your trusted Brisbane electrician, committed to delivering quality electrical services across the region. As a family-owned business, we understand and recognise your residential electrical needs and are committed to providing the highest quality service, with our expertise and using only the best materials and equipment available. Building strong client relationships is our top priority, so we ensure you’re kept informed at every step of the process.

At Crusader Electrical, we provide the following residential electrical services:

Home Electrical Installation

Emergency Electrical Repairs

Electrical Switchboard Upgrades

Electrical Renovations

Smoke Alarm Inspections

Whether that project is big or small, trust Crusader Electrical to deliver exceptional service and high-quality results. Needing a licensed Brisbane electrician? Call us and we'll send one of our members to your location.
