MSB Junk Cars & Used Auto Parts is dedicated to making a positive impact in the automotive recycling industry while serving the local community with honesty and professionalism. We understand that vehicles are a major investment, and when repairs are needed, finding affordable parts can be a challenge. That’s why we offer a large, easy-to-navigate self-service yard where customers can pull their own parts at unbeatable prices, saving both time and money.

Our facility is designed to provide a convenient and efficient experience for DIY mechanics, car enthusiasts, repair shops, and anyone looking for cost-effective solutions for their vehicle repairs. From engines and transmissions to doors, mirrors, and interior components — we have a vast inventory of parts ready to be reused and repurposed.

In addition to providing high-quality used auto parts, we specialize in buying junk cars, no matter their condition. Whether your car is running or not, damaged from an accident, or simply taking up space — MSB Junk Cars & Used Auto Parts will offer you a fair price and handle the removal process quickly and professionally.

We are passionate about promoting eco-friendly practices by helping reduce landfill waste and recycling valuable vehicle components. Our commitment to customer service, environmental responsibility, and community values sets us apart as one of Southwest Florida’s most trusted names in the industry.

Choose MSB Junk Cars & Used Auto Parts for a reliable partner in auto recycling, affordable parts, and fast junk car removal. Your satisfaction is our priority!
