CATARA Medical Spa specializes in non-surgical aesthetics and rejuvenation treatments designed to enhance your natural beauty. Conveniently located in Algonquin, IL, near Crystal Lake, Lake in the Hills, and Huntley, our medical spa offers personalized, advanced care including Botox and Xeomin injections, Kybella for targeted fat reduction, dermal fillers for volume restoration, RF Microneedling to stimulate collagen and tighten skin, and Emsculpt Neo for comprehensive body contouring. Additional services such as HydraFacial for deep hydration and specialized acne treatments ensure radiant, clear skin. Guided by skilled aesthetic professionals, our commitment to subtle, anatomically respectful enhancements ensures you feel refreshed and confident, never overdone. We gladly accept all major credit cards and Health Savings Accounts (HSA), making wellness accessible and stress-free.
