Arctic Cleaning and Restoration: Your Alaskan Home and Business Guardian.

Arctic Cleaning and Restoration has its roots deeply embedded in the Alaskan soil, a story of a young boy who fell in love with this rugged land and its boundless adventures. Meet Josh Christensen, the heart and soul behind our company. His journey began when his family relocated to Alaska during his 6th-grade year. From the moment he set foot in the Last Frontier, he knew it was where he’d spend the rest of his life.
