A fine-looking smile depends upon a healthier mouth. A great place to start is Trillium Dental in downtown Dentist Ottawa. Our hygienists, dentists, and administrators are always ready to provide the best service and quality dental care. Additionally, our patients' experience is enhanced by our use of advanced technology, and modern methodologies that accentuate our patient-centered approach. We are precisely the right team to partner with when reaching out for optimal oral health. It is only natural for everyone to want a perfect smile and through the work of our strong focus on providing a full variety of dental services that include more than general and preventive dentistry.

Our Downtown Ottawa office additionally offers cosmetic dentistry, sedation, and Ottawa Dentist Accepting New Patients, in conjunction with periodontal and neuromuscular care. Because every smile is different, we make it our point to provide individualized treatment plans designed as needed.
