Little Rick is a brand that makes cannabinoid-infused drinks designed for relaxation and social enjoyment. In the UK, they offer sparkling CBD drinks with natural flavors like Raspberry Coconut and Mint & Lime, containing 32 mg of CBD plus other cannabinoids. These drinks are vegan, low-calorie, and alcohol-free, providing a mellow, calming effect. In the US, Little Rick sells microdose THC beverages with 5–25 mg of Delta-9 THC, blended with full-spectrum hemp extract and fruit juices. All products are made in small batches with a focus on natural ingredients and a smooth taste. The brand was founded in South London by friends who wanted a fun, relaxing alternative to alcohol. Little Rick aims to help people chill out—without the hangover.
