Established in 1981, Corrie Street Medical Clinic is a boutique, privately owned general practice located in Chermside, Queensland. The clinic offers a range of services, including chronic disease management, men's and women's health, children's health, minor surgery, and immunisations. Operating by appointment only, the clinic is situated near Westfield Chermside Shopping Centre, with ample parking and convenient public transport access. They are a private billing practice but continue to bulk bill patients over 65, children under 16, and for results appointments.
