OneSource Specialty Pharma is a leading contract development and manufacturing organization (CDMO) that offers end-to-end pharmaceutical and biologics solutions. Formed through the merger of three CDMO businesses within the Strides Group, OneSource combines over 30 years of operational excellence and regulatory compliance. With five state-of-the-art facilities in Bengaluru, India, and a team of over 1,200 professionals, OneSource specializes in biologics, drug-device combinations, complex injectables, and soft gelatin capsules. The company supports clients across the entire drug development lifecycle—from concept to commercial supply—delivering high-quality, scalable, and compliant products for global markets.
