North coast design endeavour to build architecture which is so much more than functional. We create projects which are aesthetically beautiful, environmentally efficient and innovatively original.

We are committed to design excellence and a high standard of professional service in everything we do. We offer building design solutions to just about any project that our clientele come to us with, no job is too small or too large. If you’re looking for personalised service, with outstanding building design capabilities, then talk to the team at North Coast Design.

We believe that you should give your designer the freedom to use modern materials in a creative manner, while also feeling relaxed and comfortable to ask any questions or make any requests that you would like.
