KS AGROTECH Private Limited, a pioneer in innovative farm machinery, presents the Super Seeder, revolutionizing wheat sowing in residue-heavy fields. Designed for 50-60 HP tractors, it integrates a robust rotary tiller with sharp blades and a precision seed drill, ensuring efficient stubble management and uniform seed placement. Covering 0.4-0.5 hectares per hour, it saves 30% on fuel and labor. Priced at approximately ₹2,25,000 (ex-factory, varies by region), it’s a cost-effective choice for eco-friendly farming. Contact KS AGROTECH for demos and financing!
