At ZJ Build up Pty Ltd, we have many years of industry experience providing a range of plastering and gyprocking services for homes and businesses across Sydney. Each of the services is designed to reduce your overall maintenance costs and make your walls more resilient to cracks and damage.

ZJ Build Up is a specialised team with all your gyprock and plastering needs. ZJ Build Up is a team who are keen to bring you high quality plastering and gyprocking in Sydney. We only use the highest quality materials available. ZJ Build Up works with both residential & commercial sectors. We are here for all your gyprock and plastering needs. We prefer to quote jobs onsite and meet our customers in person. This enables us to discuss exactly what you need and where we can help you save money. No job is too big or too small. Contact us today and get your free quote.
