Angel Dental Practice is a long-established **dentist in Edmonton**, proudly serving the North London community for over 20 years. Recognised by the BDA’s “Good Practice Award,” we offer a warm, professional environment where patient comfort and care come first. We provide both Private & NHS dentist Edmonton services and a wide range of treatments tailored to your needs—from general dentist and dental hygienist care to dental implants, All on 4, and wisdom tooth removal.

As a leading cosmetic dentist Edmonton, we also offer smile-enhancing options such as Invisalign, clear aligners, composite bonding, composite white fillings, dental veneers, and teeth whitening. Our team includes a qualified sedation dentist, ideal for nervous patients, and we offer gum disease treatment and emergency dentist when you need it most.

We’re located on the ground floor, making us fully accessible for patients in wheelchairs or with buggies. We also provide anti-wrinkle treatments as part of our facial aesthetic treatments. Book your visit today to experience high-quality, compassionate dental care.
