At Hillton Dentistry, we’re proud to be a trusted dentist in Faversham offering high-quality, personalised care in a friendly and welcoming environment. As a leading private **dentist in Faversham** patients rely on, we deliver a wide range of services to help you achieve a confident and healthy smile.

Whether you’re seeking a cosmetic dentist Faversham patients recommend or looking for advanced solutions like composite bonding, composite veneers, or teeth whitening Faversham. Our experienced team is here to help. We also provide clear aligners and **Invisalign in Faversham**, supported by complimentary iTero 3D scans to ensure precise treatment planning and predictable results.

From full smile makeovers to essential restorative treatments like composite white fillings, dental implants, single tooth implant, and natural-looking dentures Faversham, we’re here for every stage of your dental journey.

We also offer the support of a dedicated dental hygienist Faversham patients can visit for routine care and prevention.

Experience the difference with Hillton Dentistry – where technology, experience, and patient comfort come together. Book your consultation with an experienced implant dentist Faversham today.
