At Van Fitouts Melbourne, we specialise in designing and building high-quality tradie van fitouts, ute fitouts, and custom vehicle storage systems for professionals who need their tools organised, secure, and easy to access. Operating from Dandenong South, we service tradies, contractors, mobile service teams, and fleet operators across Melbourne.

Our solutions include van drawer systems, slide-out drawers for vans, custom ute drawers, canopy drawer systems, shelving units, van storage systems, van cargo barriers, roof racks, **roof rack installation,** protective cladding, and ute accessories. Every fitout is tailored to suit your trade, equipment and workflow, ensuring maximum efficiency on the job.

We use heavy-duty materials and proven installation methods to deliver durable setups built for real trade conditions. Whether you need a full **tradie van fitout Melbourne**, a professional **ute fitout Melbourne**, or simple upgrades like storage drawers or roof racks, our team works with you from design to completion to ensure the perfect, practical result.

Our goal is simple — to transform your van or ute into a functional, safe, and well-organised mobile workspace. With competitive pricing, reliable turnaround times and attention to detail, we've become a trusted choice for van and ute fitouts across Melbourne.
